

State of New Jersey

OFFICE OF THE GOVERNOR

PO Box 001

TRENTON, NJ 08625-0001

CHRIS CHRISTIE
Governor

March 1, 2013

Dear Friend:

As your Governor, nothing is more important to me than working to improve the quality of life for you and your neighbors. That is why I was proud to recently authorize New Jersey Transit's construction of a new rail station in North Brunswick on the Northeast Corridor line as part of our efforts to create jobs, improve our infrastructure and make our state a better place to live, work and commute.

The proposed North Brunswick rail station is an investment in your town and our entire region. Your new train station will shorten commutes, reduce congestion and pollution, and improve access to Trenton, Newark, New York City and numerous other destinations. It is an investment in you, your town and your neighbors. I also want to extend praise to your Mayor, Frances Womack, for his partnership with me on this important project.

Over the past three years, we have accomplished big things in North Brunswick and across New Jersey - a hard 2 percent cap on your property taxes that has resulted in our smallest increases in two decades, three straight balanced budgets without raising your taxes and pension and benefit reform that will save \$130 billion - all while increasing funding for our public schools to our highest level ever. And we're putting hard-working New Jerseyans back to work, as evidenced by the 30,000 private sector jobs we added last month. These bi-partisan efforts and the contributions that you and all New Jerseyans make each day are why our state is coming back stronger than ever. Thank you for all that you do every day to make your community a better place. It is an honor to serve as your Governor.

Sincerely,

A handwritten signature in black ink, appearing to read "Chris Christie".

Chris Christie
Governor
